CATHOLIC MINISTRY  
TRAINING & COACHING

## **GREAT MINISTRIES NEED GREAT LEADERS** **WE BRING HANDS-ON LEARNING AND SKILL DEVELOPMENT TO YOUR TEAM**

Parish Success Group is a federally registered 501 (c)3 not-for-profit organization. We provide speaking, training and coaching services to Catholic parishes, schools and dioceses who desire to grow sustainable ministries and schools.

In the wake of this pandemic, churches and other Catholic institutions have had no other option than to begin to do ministry differently. However, in light of the last two decades of the nation-wide trend of decreasing Mass and parish program attendance/engagement, it is becoming clear that change has been needed for a long time. The pandemic simply triggered what was immanent and inevitable.

Now is the time to try something new that has never been done in your ministry. To simply go back to the way things were before will not work because everything has changed— especially our parishioners.

Our mission to “make disciples of all nations” has not and will not change, but our delivery system needs updating. Let us be done with applying programmatic solutions to pastoral issues. Now is the time to do what our church documents have been urging us to do for three generations: embrace our mission and empower families!

### **3 New Webinars for Your Staff**

#### **1. Recruiting, Training and Sustaining Volunteers**

Mission-driven ministries cannot be done solo. Even Jesus had a team. We need to surround ourselves with others who are mission minded and will complement our strengths and weaknesses, leverage their skills, speak from their hearts, and serve parishioners well.

#### **2. Springtide Research on Youth Isolation, Anxiety and Disengagement**

Discover the data-driven, practical solutions for helping to lead and sustain the change that is necessary. Learn research-based ways of how trusted adults can accompany young people through the experience of loneliness. Create a flourishing ministry by learning how we can help young people find a place to belong— where they are noticed, named, and known.

#### **3. Five Key Strategies After Quarantine**

What have we learned? What is not working? Now is a great time to try something new that has never been done in your church. Explore five things you can do now to engage and accompany your parishioners— all of them!
