An Introduction to the Mission & Ministry of Catechesis

Elective Class presented by Mike Dowling

One of the most important things a catechist does is explain the mystery of God's presence in our lives. Consequently, the Church views a catechist as a teacher and mentor who passes on the faith, doctrine, and traditions of the Church. Their primary role is to "echo" the Word of God, guiding others to encounter Jesus Christ and develop a personal relationship with Him.

This hands on workshop will explore the role of the catechist as one who lets the Word of God echo through their life, provide basic tools used in the ministry of catechesis, and the various learning and teaching styles that guide their students to learn how to apply and live their faith.
